

PLEASE do not pass any Federal Rule that would weaken out Indiana Telephone Privacy law. Ours works very well. In the past I would receive 2 to 9 iritating calls PER DAY and now only, maybe, 1 per week. My telephone is back to normal. My son is in the U.S. Army so we are forced to answer the phone (even with caller ID showing "PRIVATE" or "OUT OF AREA") because it may be him calling. Please help us. Rick Bates
